# The Quality Benchmark

PATENT REGISTERED

## Traditional stainless basket press

Designed like a traditional press, this equipment is mounted on a mobile trough avoiding so infrastructural works. Moreover, it allows freeing up place outside harvesting periods.

### Avantages

- A large square plate
- Low pressure on the grape
- Ideal ratio between pressing surface and grape volume
- The rotation of pomace by gravity, as it falls from the tilted plate, avoids bruising the skins and generating solids
- Great filtration of the pomace
- Low oxidation of the musts
- Great flexibility in usage thanks to hydraulic
- Easy maintenance and cleaning
- Low power consumption

### Options for the PTX press :

- A stainless steel filtration grid : covering the whole surface of the trough allows a more rapid flow of the juice and a better cleaning of the concrete troughs.
- The new automatic regulation cabinet "Type Champagne": even more operating convenience, time saving and quality of pressing.

## > Description and operation

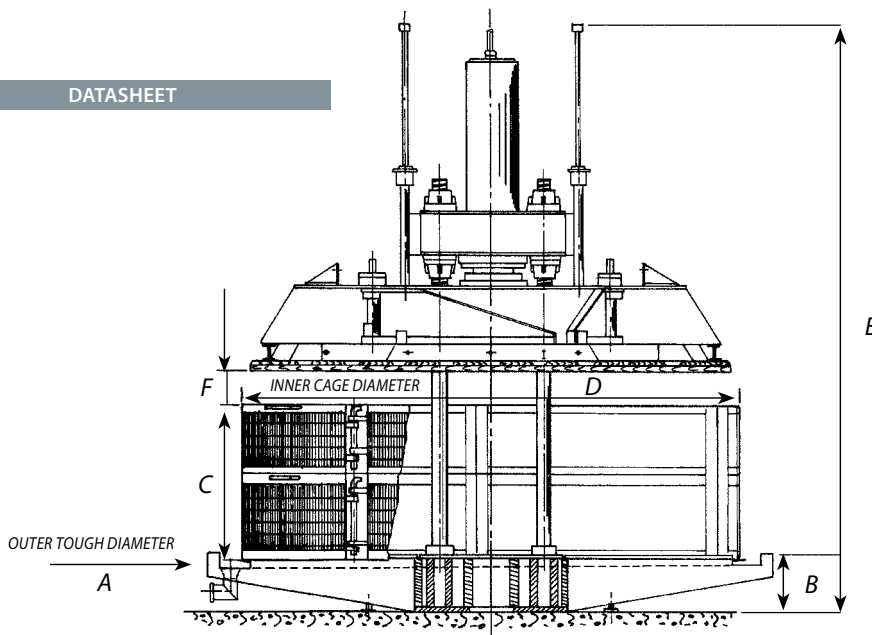

- 1 pressing plate
- 2 filtering cage
- 3 filtering tough
- 4 collecting tray

Vertical traditional press with a large round plate.  
 Pomace is manually crumbled using pitchforks.  
 Materials in contact with the grape : the pressing plate and the filtering cage are made of oak, food grade polyethylene or stainless steel.

Available in a 2000 and 4000 kg capacity

OTHER CAPACITIES ON REQUEST

### DATASHEET

PTX	2000 kg	4000 kg
Tare Weight	4000 kg	6000 kg
Load Weight	6000 kg	10000 kg
Volume	3800 dm <sup>3</sup>	6600 dm <sup>3</sup>
Puissance/Power	2 kw	2.2 kw
Tension/Voltage	380 V	380 V
A	2600 mm	3350 mm
B	260 mm	340 mm
C	900 mm	900 mm
D	2200 mm	2910 mm
E	3300 mm	3730 mm
F	180 mm	200 mm

Coquard Presses still manufactures the traditional wooden basket press

The PTX press can be customized with the colors of your choice (RAL ref.)
